

IMPORTANT LICENSING INFORMATION

TO OPERATE THIS EQUIPMENT IN THE UK, THE USER IS REQUIRED BY LAW TO OBTAIN A PRIVATE BUSINESS RADIO LICENCE FROM OFCOM

It is the responsibility of the end-user to purchase a Private Business Radio Licence from Ofcom. You can obtain application form *Of.21* by one of the following methods:

Telephone: 0845 456 3000

Email: businessradio@ofcom.org.uk

In writing to: Ofcom, Contact Centre, Riverside House, 2a Southwark Bridge Road, London SE1 9HA

Download Of21W from:

http://www.ofcom.org.uk/radiocomms/ifi/licensing/classes/business_radio/applications

Or you can complete the form online at:

<http://www.ofcom.org.uk/radiocomms/ifi/licensing/onlinelicensing/>

Select '**Private Business Radio**' then '**Self Select One Way Paging**' from the pull-down menu and follow the on-screen instructions.

WHAT YOU WILL NEED TO KNOW WHEN COMPLETING THE APPLICATION FORM

Type of licence (section 2, question 9)

Self-Select PBR licence (tick the box then proceed to the question indicated).

Antenna type

Scope aerials are all essentially **omni-directional** and the gain can be entered as **0db**

Base Station E.R.P.

Scope transmitters normally have a power output of 0.5 watts (500mW) unless you are also using the optional amplifier which will increase the output to 2.0 watts.

Other required information

You will also need your national grid reference (NGR) which can be obtained from an Ordnance Survey map, or by entering your postcode online at:

<http://www.ordnancesurvey.co.uk/oswebsite/>

If you have any queries or require any further information, please call Scope on 01803 860700. For general licensing matters, call Ofcom on 0845 456 3000.
